Subject: ILTC Call for Abstracts – 2017 Emerging Contaminants Conference

Excuse any cross postings

**Call for Abstracts - Emerging Contaminants in the
Aquatic Environment Conference**

The Illinois Sustainable Technology Center (ISTC), a division of the Prairie Research Institute at the University of Illinois, and the Illinois-Indiana Sea Grant (IISG) are co-organizing the **Emerging Contaminants in the Aquatic Environment Conference** which will be held on **May 31 - June 1, 2017**, in Champaign, IL.

Abstracts are welcome on all aspects of emerging contaminants in the aquatic environment. Topics may include: research, policy, management, outreach, and education about their detection, fate, transport, remediation, and prevention. Emerging contaminants include but are not limited to:

- ☐ ☐ ☐ ☐ ☐ ☐ ☐ ☐ Flame retardants
- ☐ ☐ ☐ ☐ ☐ ☐ ☐ ☐ Algal toxins
- ☐ ☐ ☐ ☐ ☐ ☐ ☐ ☐ Hormones
- ☐ ☐ ☐ ☐ ☐ ☐ ☐ ☐ Pharmaceuticals
- ☐ ☐ ☐ ☐ ☐ ☐ ☐ ☐ Personal care products
- ☐ ☐ ☐ ☐ ☐ ☐ ☐ ☐ Microplastics

- ☐ ☐ ☐ ☐ ☐ ☐ Nanoparticles
- ☐ ☐ ☐ ☐ ☐ ☐ Polycyclic aromatic hydrocarbons (PAHs) in contaminants such as coal tar sealants
- ☐ ☐ ☐ ☐ ☐ ☐ Perfluorinated chemicals (PFCs)

Oral presentation abstracts are due January 31, 2017, and poster abstracts are due February 28, 2017.

The conference is an expansion of the successful conference on Pharmaceuticals and Personal Care Products in the Environment (maybe embed link to the past conference page) held in Champaign in April 2016. It will feature presentations and posters on the latest in emerging contaminant research, policies, and education. In addition, there will be opportunities for discussion and networking with those interested in all aspects of emerging contaminants in the aquatic environment.

ISTC and IISG encourage researchers, educators, businesses, government officials, outreach and extension professionals, environmental groups, and members of the general public to attend this conference.

The event will take place at the I Hotel Conference Center in Champaign, IL. On May 31, oral sessions will run from 9:00 a.m. to 4:15 p.m. CDT, with a reception and poster session following from 4:15 - 6:00 p.m. On June 1, oral sessions and a panel discussion will run from 8:30 a.m. to 3:30 p.m. Registration will open mid-February. (Times are subject to change once the agenda is finalized.)

For questions, please contact the conference coordinator: [Elizabeth Meschewski](#).
